England

**Mare Family:**  
Gundula 509

This is the first English born foal by "The Singing Stud's" residential stallion Arentino. She is everything we had hope for when putting these wonderful bloodlines together. This is a very stunning and proud filly, with excellent powerful movement.

Genie's Sire Arentino was competed in Prix St. George dressage and did also really well in show jumping. Arentino's Sire Santiago by Wie Ibikus and out of the foundation mare Schwalbelied was Champion of his grading in 1980 and was a very substantial big framed grandson of the legendary stallion Ibikus, which went on to become a very good show jumper. Wie Ibikus himself produced a big number of high successful dressage horses competing up to Grand Prix. Santiago produced some outstanding broodmares and the value can be seen in his offspring's competition results.

Arentino's Dam E St E.St Arktis II presents herself as one of the valuable broodmares of the Trakehner breed, being a full sister to the stallion Arogno, sire of the stallions Schwadronneur (now dead) and Anky's stallion Partout. Arktis's offspring are doing well in 3-day eventing and dressage competing in Prix St. Georges.

Genie's Dam Holme Grove Gineta was Champion young stock and Reserve Supreme Champion as a yearling. Her Dam Genesis is a premium mare and was champion and Supreme Champion mare of the Trakehner show 2003. She has bred a lot of lovely horses doing very well showing in hand at the TBF shows. Singing Genie was Reserve Champion youngstock at the TBF show in 2005.
