Singing Hydro

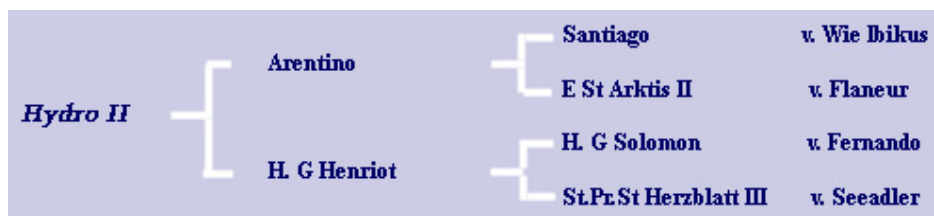

By Arentino
Out of H.G Henriot
By H.G Solomon

Colour:	Black
Born:	20.02.2005
Sex:	Filly
To Make:	16.1 hh
Passport:	English

Breeder:
The Singing Stud
Ross-On-Wye
Herefordshire
HR9 7RG
England

Mare Family:
Herbstblute

This is quite an stunning filly and we are so please to see that Henriot has followed in the footsteps of her wonderful sister Hawaii, and produced yet again a very very nice foal. This is a mare family, which always passes on the high quality of movements and charm.

Hydro's Sire Arentino was competed in Prix St. George dressage and did also really well in show jumping. Arentino's Sire Santiago by Wie Ibikus and out of the foundation mare Schwalbelied was Champion of his grading in 1980 and was a very substantial big framed grandson of the legendary stallion Ibikus, which went on to become a very good show jumper. Wie Ibikus himself produced a big number of high successful dressage horses competing up to Grand Prix. Santiago produced some outstanding broodmares and the value can be seen in his offspring's competition results.

Arentino's Dam E. St E. St Arktis II presents herself as one of the valuable broodmares of the Trakehner breed, being a full sister to the stallion Arogno, sire of the stallions Schwadronneur (now dead) and Anky's stallion Partout.. E. St Arktis's offspring are doing well in 3-day eventing and dressage competing in Prix St. Georges.

Hydro's dam Henriot is a wonderful elegant lady just like her ½ sister Hawaii. Like her sister, she is not a big horse, but she has a big heart and big movement, simply a pleasure to watch trotting around in the field. She looks so much like her sire that she is referred to as little Solomon.

Her Sire Holme Grove Solomon was awarded BHD dressage Sire of the year in 1998 and gained 161 points in one season, qualifying for the National Championship at Elementary level and winning at Medium level in his one and only competition.

Her dam Herzblatt, was for many years well known as one of the highest quality mares in the Trakehner breed, she became champion mare of the German Trakehners Bundesschau. Herzblatt got a 10 for movements and produced the graded son and top class show jumper Heinrich Der Lowe.

Herzblatt's Dam, Elite mare Herzchen produced Herzruf a leading Sire of top broodmares and high talented dressage horses. Her 2nd graded son Hirtenruf became Reserve Champion of his Grading. Herzchen has produced many Champion mares and counts among the leading broodmares over the last 30 years. Her daughters established a new family, which has become a real basic for the Trakehner breed. The young, upcoming dressage star Hibiskus (in training with the Olympic rider Ingrid Klimke) is very closely related to our young mare Henriot.

Her grandsire Seeadler is famous for stamping his offspring on behalf of competition attitude and sired high quality producing daughters, as for example Regatta, Dam of Monica Theodorescu's international dressage horse Renaissance Fleur TSF.

The original mother line of Herzblatt- Herzchen traces back to the foundation mare Herbstzeit a member of the famous black herd at the main stud Trakehnen. Since 100 years ago this bloodline represents a real heart and basic of the breed, proven in producing highly successful competition horses, famous sires and stamping broodmares.

We are very proud to have Henriot in our herd and together with our other two Herbstmares Hawaii and Herbstwolke, it has now been proven to us, that these 3 mares bred good quality foals with movements to die for.

Stunning filly which is very friendly, with good conformation and 3 wonderful paces.
