Breeder:
The Singing Stud
Ross-On-Wye
Herefordshire
HR9 7RG
England

Mare Family:
064 Lust
Rescheleit-
Meschenhof
(Meschken)

Luna's Dam being a state premium and premium mare has a big frame, a good top line and well-cadenced movement. She has an excellent pedigree, her highly rated dam premium mare Lucretia von Steinberg is a half sister to the well known dressage horse and sire of high talented competition horses and lots of premium mares Lucito. The stallions Lions-Club, Lucado, Liebestraum, and National Riding Horse Champion Latimer comes out of the same mare family.

Her sire Michelangelo, this noble, athletic bay stallion with his true type and outstanding movements founded a new branch of the famous stallion line Pasteur xx, which has also it's basic in Mahagoni. Michelangelo became a famous and proven sire in the Dutch warmblood breed as well as in the Trakehner breed.

His mother Miami by Matador one of the best brood mares of the Trakehner breed for a long time produced the outstanding champion and dressage sire Monteverdi. Michelangelo's mother line is the same as that of Marco Polo, father of Next Milton. He has sired up till now 6 graded sons, among them the champion stallion Kennedy and the premium stallion Summertime. In 2000 and in year 2001 Michelangelo was awarded a very valuable title as the most proven and successful sire of broodmares within the Trakehner breed – gained by special scores.

Luna's Sire Arentino was competed in Prix St. George dressage and did also really well in show jumping. Arentino's Sire Santiago by Wie Ibikus and out of the foundation mare Schwalbelied was Champion of his grading in 1980 and was a very substantial big framed grandson of the legendary stallion Ibikus, which went on to become a very good show jumper. Wie Ibikus himself produced a big number of high successful dressage horses competing up to Grand Prix. Santiago produced some outstanding broodmares and the value can be seen in his offspring's competition results.

Arentino's Dam E.St Arktis II presents herself as one of the valuable broodmares of the Trakehner breed, being a full sister to the stallion Arogno, sire of the stallions Schwadronneur (now dead) and Anky's stallion Partout. Arktis's offspring are doing well in 3-day eventing and dressage competing in Prix St. Georges.

Luna is a big strong filly with very good movement, also excellent character and temperament. The bloodlines of her dam and sire just works so well together. this lovely filly will be retained by the stud.
