Wow what a stunning filly. This filly is tall and very elegant (hence her name Elegance), and has wonderful powerful movements with good impulsion from behind.

Her sire Arentino was competed in Prix St. George dressage and did also really well in show jumping. Arentino's Sire Santiago by Wie Ibikus and out of the foundation mare Schwalbenlied was Champion of his grading in 1980 and was a very substantial big framed grandson of the legendary stallion Ibikus, which went on to become a very good show jumper. Wie Ibikus himself produced a big number of horses to the level of Grand Prix in dressage. Santiago produced some outstanding broodmares and the value can be seen in his offspring's competitions result.

Ultraelegance's Dam Ultravioletta is by the Elite stallion Caprimond. Caprimond is quite a symbol for the modern Trakehner breed. He was Reserve Champion of his grading and winner of his performance test, he was also reserve champion of the national German riding horse championship and winner of many Grand Prix tests. He is now again out winning with his new young partner Theresa Wahler. Caprimond is the sire of over 12 graded sons and keeps one of the highest scores in the Hannoverian breed as well as his son Hohenstein.

This filly is bred for dressage with her big strong movements, but would also make an excellent eventer or showjumper, as she jumped a 4 foot hedge clear with a big deep ditch in front of it, would also be a gem to have as a brood mare with these very outstanding bloodlines. Ultraelegance is backed and being ridden quietly around at the moment.
