Passport:	English

Breeder:
The Singing Stud
Ross-On-Wye
Herefordshire
HR9 7RG
England

Mare Family:
0236 Freia
Schulemann- Hamburg

This rare but very valuable mare blood line, being well known for passing on outstanding dressage ability is related to Adolf Dorfler U - mare line, which has so much success in Germany and rated one of the top class mare lines of the Trakehner breed today, with so many graded stallions and top champion mares to be proud of.

The Stallions Unesco (show jumper on advanced level), Uljanoff, which was Reserve Champion of the grading and dressage stallions Uckermarker and Ursprung are members of this mare bloodline. Top mares like, Ulrike, Uksana, Urtica, Ulla and Unesca also represents this mare family.

Ullalla's Sire Schneekönig competed successfully in three-day-event and left some outstanding broodmares before being sold to America and is today very popular in the ATA.

Her 3rd Sire Mahdi is a full brother to the leading Sire Flaneur.

This stunning filly was just what we had hoped for, when inseminating Ullalla to Tanzmeister. Ulzana will stay in our herd for one day to become a broodmare for Arentino.
