For the first time the wonderful mare Umbria gives birth to a colt. Upton Boy is just as wonderful in movement and conformation as his full sister Urbanity from last year and has very impressive movements. With his long eye lashes and big doe eyes he is just a horse which one can not keep from looking at.

Upton Boy's Sire Arentino was competed in Prix St. George dressage and did also really well in show jumping. Arentino's Sire Santiago by Wie Ibikus and out of the foundation mare Schwalbelied was Champion of his grading in 1980 and was a very substantial big framed grandson of the legendary stallion Ibikus, which went on to become a very good show jumper.

Wie Ibikus himself produced a big number of high successful dressage horses competing up to Grand Prix. Santiago produced some outstanding broodmares and the value can be seen in his offspring's competition results.

Arentino's Dam E.St Arktis II presents herself as one of the valuable broodmares of the Trakehner breed, being a full sister to the stallion Arogno, sire of the stallions Schwadroneur (now dead) and Anky's stallion Partout. Arktis's offspring are doing well in 3-day eventing and dressage competing in Prix St. Georges

Umbria's Sire Velasquez did very well in dressage and show jumping on national level and represents the dressage line of Champion Sire E.H. Mackensen in an impressive way.

Velasquez is very popular because of his easy temperament and wonderful riding attitudes, which he is passing on to his offspring.

The combination of Mackensen and Schneekönig is promising multitalented horses with the Trakehner's beauty, presence and character.

This mare gives beauty - movement and that wow look to all her offspring, which they will need for the international circuit.

This colt will make it big in the dressage world with his big elevated paces.
