Ausland

Mare Family:
0236 Freia
Schulemann -
Hamburg

This is quite a stunning mare, which breeds absolutely stunning foals all with that quality to make it big on the International Market.

We have had an International rider and trainer down to look around our horses and this is one of the mares, which foals he liked very much for the International Dressage Circuit.

Her Sire Velasquez did very well in dressage and show jumping on national level and represents the dressage line of Champion Sire Mackensen in an impressive way.

Velasquez is very popular because of his easy temperament and wonderful riding attitudes, which he is passing on to his offspring.

The combination of Mackensen and Schneekönig is promising multitalented horses with the Trakehner's beauty, presence and character.

This mare gives beauty - movement and that wow look to all her offspring, which they will need for the International Circuit.

She herself gave quite a good mare performance test with a score of 7,65 and is now part of our already wonderful herd.

Her foals are lovely big and strong with good conformation and wonderful loose powerful uphill movement.

PROGENY TO DATE 6/6 FOALS

- 1999 Ultravioletta chestnut mare by Caprimond, owned by The Singing Stud Ltd.
